Instructions:

1. Score the Hello, Irresistible 5-1/2" x 6" DSP at 1/2" and 4-3/4". Fold the 1/2" edge one way and the 4-3/4" edge in the opposite direction. What directions you choose will depend on which side of the DSP you would like on the front and which side you would like to coordinate as you fold the 4-3/4" edge back toward the front of the card as shown above. Next, attach the 1/2" edge to the Daffodil Delight 5-1/2" x 4-1/4" card stock. This will form the back of the card.
2. Attach the Daffodil Delight & Soft Sea Foam 5-1/2" x 1/4" pieces to the edge of the 4-3/4" edge that you folded toward the front as shown above. Then adhere this edge to the front of the card to hold it in place.
3. Attach the 5-1/2" x 1-1/2" Adhesive Sheet to the Basic White 5-1/2" x 1-1/2" card stock. Cut out using the die from the Irresistible Blooms. Attach to the left side of card front as shown above. You'll need to trim the edges of the die cut piece top and bottom even with the card edges.
4. Using the VersaMark, stamp a flower from the Irresistible Blooms stamp set on the Calypso Coral & Daffodil Delight Scraps. Heat emboss using the Basic White Embossing Powder. Cut flowers out using the coordinating die from the Irresistible Blooms Dies set. Attach to card front toward the right as shown above using dimensionals.
5. Stamp leaves from the Irresistible Blooms stamp set onto the Soft Sea Foam Scrap using VersaMark. Heat emboss using the Basic White Embossing Powder. Cut out leaves using the coordinating dies from the Irresistible Blooms Dies set. Attach to the card front around the flowers as desired. I did not pop these up.
6. Round corners of the Calypso Coral 2-7/8" x 1" card stock using the Detailed Trio Punch.
7. Stamp verse from the Happy Thoughts stamp set onto the Basic White scrap using the Memento stamp pad. Punch out using frame die from the Ornate Frames Dies set. Attach to the Calypso Coral from step 6. Attach to card front using dimensionals.
8. Attach the Soft Sea Foam 5-1/4" x 4" card stock to inside of card.
9. Attach the Basic White 5-1/8" x 3-7/8" card stock to inside of card.
10. Finally, using the Multi Purpose Glue or Mini Glue dots, attach Loose Frosted Dots to front of card as shown above or as desired. You are now done!
