Instructions:

1. Fold Real Red 5-1/2" x 8-1/2" card stock to card size of 5-1/2" x 4-1/4". Next, using a pencil or stylus, make a mark on the fold at 3-1/2". Open card and make marks, respectively, on the right side at 1-1/2" and 7". Using a Score Board or ruler and stylus, score lines between the 3-1/2" and 1-1/2" marks and then again at 3-1/2" and 7" marks. Crease the fold lines and push the right top fold in to make a diagonal fold as you see in above picture.
2. Using a pencil or stylus, make a tick mark on the Country Floral Lane 4" x 5-1/4" DSP on the long edge at 1-7/8" and another on the short side at 1-3/8". Cut diagonally at the tick marks. Attach to card front.
3. Do the same for the Basic White 4" x 5-1/4" as you did in step #2. Then attach 2 lengths of the Starry Sky ribbon to this piece and attach to inside of card as shown above in 2nd picture. Using the Memento Stamp Pad, stamp verse from the Love Cats stamp set just above the ribbon as shown above.
4. On card front, attach the Country Floral Lane 1-1/2" x 5-1/4" DSP toward bottom as shown in 1st picture.
5. Cut the Country Floral Lane 2-1/2" x 3-1/8" DSP diagonally from one corner to the opposite corner. These will be attached inside the card at the corner folds as shown in 2nd picture.
6. Cut out the Balmy Blue 2-1/2" x 2-1/2" using the Layering Circles scalloped circle 2-1/4" die. Next, stamp the Basic White 2-1/2" x 2-1/2" card stock using verse from the Love Cats stamp set and Memento Stamp Set. Cut out using the 1-7/8" circle from the Stitched Shapes Dies, ensuring the verse is at the top of this piece. Attach to the Balmy Blue scalloped piece. Attach a length of the Sweet Sorbet ribbon by putting adhesive on the back of the circle and looping the ribbon several times as shown above. Attach to card front using dimensionals.
7. Stamp two cat images from the Love Cats stamp set onto the Basic White scraps using the Memento Stamp Pad. I used the Stamparatus to get desired darkness of the cats. Next, fussy cut them out, but just cut around the hearts on the one cat to form a little tab to attach the upcoming hearts. Keep the heart attached on the second cat for the same purpose.
8. Using the Multi Purpose glue, place a little line of glue on the diagonal edge of the DSP on card front. Put more glue on bottom of the cat and attach the cat with the bottom of the cat just to the edge of the DSP as shown in the 1st picture.
9. Attach the 2nd cat to the inside of the card by using the glue or adhesive of choice with part of the cat just above the fold so it pops up when open.
10. Cut out hearts using the hearts dies from the Give it a Whirl Dies set or hearts of your choice. Attach as shown in pictures above and you are now done!
