Layering Circles Framelits (Retired)

Faux Sea Glass Shapes
 Stampin' Cut & Emboss Machine
 Multipurpose Liquid Glue
 Stampin' Dimensionals
 Take Your Pick Tool
 Stamparatus
 Sponge Daubers

Instructions:

1. Score & fold the Basic White Thick 4-1/4" x 11" card stock to card size of 5-1/2" x 4-1/4".
2. Open the card and place the Bermuda Bay 4-1/4" x 5-1/2" card stock evenly over what will be the front of your card. Using the second largest die from the Rectangles Stitched Framelits and Stampin' Cut & Emboss Machine, cut through both layers. Run it through several times. The second piece may need to be run again. Set these aside until the next couple steps.
3. Using the sponge daubers and the Seashells 3d Embossing folder, lightly daub color into the recessed side of the folder. Once you've done this, run through the Stampin' Cut & Emboss Machine. Once you've done this, cut out using the coordinating die from the Seaside Seashells Dies set.
4. Using the liquid glue, place a little on the ends of the embossed/die cut seashells piece and attach to the card front. After you've done this, using adhesive of choice attach the Bermuda Bay card stock that you cut at the same time as the card front. Once you've done this add a few of the Faux Sea Glass Shapes to the card front using the Take Your Pick Tool (not required, but so much easier).
5. Stamp the verse from the Flowering Tulips stamp set onto the By the Bay DSP scrap. Punch out using the 1-1/4" circle from the Stitched Shapes framelits. Punch the Soft Suede scrap using the 1-3/8" circle from the Layering Circles Framelits. Attach to card front using dimensionals.
6. Attach By The Bay 4-1/8" x 5-3/8" DSP to the inside of the card and you are now done!!
