Adhesive-Backed Speckled Dots  
Stampin' Dimensionals  
Multipurpose Liquid Glue  
Stampin' Cut & Emboss Machine  
Heat Tool

### **Instructions:**

1. Score Basic Black 5-1/2" x 8-1/2" card stock at 2-1/8" and 4-1/4". Fold 2/8" panel back toward card, then fold on 4-1/4" line forward toward card to form a mountain fold.
2. Take one sheet of the 6" x 6" All About Autumn DSP, ensuring it is one fall scenery pattern and cut 5-3/8", then turn and cut the sheet at 2" giving you 3 pieces. Attach to the two panels on front of card and one by the 4-1/4" fold on base of card.
3. Cut another 2" x 5-3/8" piece of the All About Autumn DSP on the "shiny" side of the DSP. Attach to the right of the 3<sup>rd</sup> piece of the DSP on card base.
4. Score and fold the Basic Black 3" x 5-1/2" card stock at 2-3/4".
5. Stamp the Basic White 2-5/8" x 2-7/8" card stock, making sure it's at the 2-7/8" width, using the "with a grateful heart" stamp from the Autumn Leaves stamp set and the Memento stamp pad. Next, stamp a small verse from the same stamp set onto a Basic Black scrap using VersaMark. Heat emboss using White Embossing powder. Using the small frame from the Autumn Leaves dies set, punch out this verse and attach under the verse you previously stamped on the Basic White piece. Attach to the inside of the Basic Black card you completed in step 4. Attach to the card front toward the right of the fold using dimensionals. Don't place the dimensionals too close to the fold or the card will not open properly.
6. From the All About Autumn DSP, cut a small leaf from the Autumn Leaves Dies set. Next, cut out a maple leaf from the same set from the Oxidized Copper (Pretty Peacock) scrap. Cut the medium sized leaf from the Oxidized Copper DSP scrap. Attach to the small 3" x 2-3/4" card front toward the right side and the bottom of this piece.
7. Stamp the verse from the Autumn Leaves stamp set onto a Basic Black scrap using the VersaMark stamp pad. Heat emboss using White embossing powder. Punch out using the 1-3/4" circle punch. Attach to the 3" x 2-3/4" card on card front using dimensionals.
8. Attach the Adhesive-Backed Speckled Dots randomly onto card front around the leaves and you are now done!!
