Supplies/Accessories:

Stylish Shapes Dies
2-1/4" Circle Punch or Circle Die
Real Red & Gold 3/8" Dotted Ribbon (12")
Loose Holly Gems & Sequins
Stampin' Cut & Emboss Machine
Stampin' Dimensionals
Multipurpose Liquid Glue

Instructions:

1. Fold Scalloped Gift Card Box into box. Stamp verse from the So Very Merry stamp set onto the gift card insert using the Memento stamp pad. Fold on score line and set inside of gift card box that you just folded together.
2. Attach Joyful 2-3/4" x 4" DSP to top of box.
3. Wrap the Distressed Gold 1" x 12" DSP around the closed box with the seam being at the top of the box. Attach ends together. Next, wrap the 12" length of the Real Red & Gold 3/8" Dotted Ribbon around the distressed gold and attach at the ends, again, the seam being on top.
4. Stamp the Santa, or image of choice, from the So Very Merry stamp set onto the Basic White 3" x 3" card stock using the Memento stamp pad. Color image in using the above listed Blends Pens or colors of choice. Punch out using a 2-1/4" Circle Punch or circle die. If you don't like the white edges of the circle showing, using the Dark Basic Black Blends pen to go around to cover up the white.
5. Punch out the Distressed Gold 3" x 3" DSP using the 2-5/8" circle die from the Stylish Shapes dies set. Attach the circle from step 4 to this piece. Attach to the band on the box using dimensionals making sure you don't stick anything to the box itself.
6. Attach holly leaves & red gem from the Loose Holly Gems & Sequins set using liquid glue. You are now done!
