### **Instructions:**

1. Score the Berry Burst 11" x 4-1/4" at 2-1/8" and 5-1/2". Fold on the 5-1/2" score line. Then on the 2-1/8" end, measure the short side at 2-1/8" (center mark) and make a tick mark with the pencil. Using the trimmer, line up the pencil line with one end of the 2-1/8" score line and cut diagonally. On the opposite side, do the same. Save these 2 triangle pieces for step 4 below. Fold this section back toward the center fold line. This will create a half square.
2. Emboss the Berry Burst 3-7/8" x 3" card stock using the Spring Flowers Embossing Folder and Stampin' Cut & Emboss Machine. Attach to the Basic White 4" x 3-1/8" card stock. Attach White Baker's Twine to this piece and attach to left side of card front. Tie a bow in the Baker's Twine.
3. Attach the Basic White 2-7/8" x 2-7/8" square to the half square on card front. Note: add adhesive to the half square so you don't get adhesive in areas you don't want it on the BW square. Next, attach the Berry Burst 2-3/4" x 2-3/4" square and then the Basic White 2-1/2" x 2-1/2" square.
4. Lay the 2 Berry Burst triangles you cut from step 1 together and cut about 1/8" off the long edge. Attach one to opposite sides of the Glorious Gingham 2" x 2" DSP as shown above. Using dimensionals, attach this piece to the center of the square.
5. Using flowers of choice from the Summer Shadows Dies set, cut base and outline of flowers from the Berry Burst and Basic White scraps. Using the liquid glue, attach the coordinating pieces. Using dimensionals, attach flower to center of square on front. Add a second one to inside of card if desired.
6. Add the Iridescent Pearls and Purple Fine Shimmer Gems to front of card and you are now done!!
