Box 1 Instructions:

1. Lay the outside of box cover flat with the outside facing up. Apply liquid glue to the box cover, then lay the Reindeer Days 4" x 7-1/4" DSP on top ensuring the outside edges are even. This piece is purposely too long to adjust for folding. While the glue is still wet, fold on the premade score lines and adjust the DSP in doing so to ensure the edges are covered. Using a paper snip, trim the edges even with the box cover.
2. Attach the Reindeer Days 1" x 4" DSP to the outside of the "strap" on box cover using liquid glue, then trim around the curved end. Turn over and peel adhesive backing off and attach one of the magnets to the very end of the adhesive strip on the "strap". Then using liquid glue attach the 2nd piece of the 1" x 4" DSP ensuring even coverage as you smooth out. Trim the rounded end.
3. Attach the Reindeer Days 3-1/2" x 2-11/16 DSP to the bottom of the box piece using adhesive of choice. Fold box sides which has adhesive already attached.
4. On the inside of the box cover, remove the adhesive backing strips and attach the box bottom to this adhesive.
5. Pop the 2nd magnet onto the first one you attached to the strap. Add a mini glue dot to the back of this magnet and close the strap onto the box lid. Open the "strap" and give the magnet good even pressure.
6. Using a 2-3/4" circle from the Spotlight on Nature Dies set and Stampin' Cut & Emboss Machine, cut out the Granny Apple Green 3" x 3" card stock. Attach dimensionals on the back allowing for a space for the "strap" to slide under and attach to the box top.
7. Cut out the Basic White 2-1/2" x 2-1/2" card stock using one of the 2-1/8" circles from the Spotlight on Nature Dies set. Attach the circle onto the Granny Apple Green circle on box front.
8. Cut the deer pieces from the Crumb Cake, Early Espresso and Basic White scraps. Attach the deer pieces. Then cut out the wreath from the Garden Green scrap and attach to deer. Attach to the circle on box front using dimensionals.
9. Cut the bow and deer nose out from the Red Glimmer scrap, attach to the reindeer as shown above.
10. Randomly attach Iridescent Dots to the wreath and around the deer.
11. Stamp the Merry Christmas from the Reindeer Fun stamp set onto a Basic White scrap using the Real Red stamp pad, Cut out close to the verse and angle cut both ends of the label. Attach to box front using mini dimensionals and you are now done!! (Except of course, to fill the box)
