 Stylish Shapes Dies
 Snowflake Sky 3D Embossing Folder
 Rhinestone Basic Jewels
 Multipurpose Liquid Glue
 Stampin’ Dimensionals
 Scotch Tape
 Paper Trimmer
 Stampin’ Cut & Emboss Machine
 Graft Paper (Optional)

Instructions:

1. Score and fold the Basic White 5-1/2” x 8-1/2” card stock at 4-1/4”.
2. Attach Real Red or Garden Green 5-1/8” x 3-7/8” card stock to card front.
3. Lay out the Peaceful Prints DSP pieces onto one of the Basic White 5” x 3-3/4” card stock pieces. Each piece is purposely a bit too long for adjustment purposes and will be trimmed once they are attached. The 1” x 2-3/4” DSP will run from the top, the 1” x 4” will run from the right side. The last two pieces will run from the bottom and the left side. I used a piece of graft paper to help line everything up straight. Attach each piece by starting with the 1” x 2-3/4” strip. Attach each piece after that.
4. Using the stamp from the Kindest Gnomes stamp set and either the Real Red or Garden Green stamp pad, you’ll stamp the card front. First, attach a piece of scotch tape over the “& Happy New Year”, then ink up, remove the tape and stamp the Merry Christmas onto the card as shown above. Clean the stamp and repeat covering the “A Merry Christmas” with the tape, ink up and remove tape and stamp image onto card front as shown above.
5. Cut the 1” x 1” Real Red or Granny Apple Green pieces in half cutting from one corner to the opposite. This will create little triangle pieces that you will attach as shown above, forming a windmill design. Once you attach these, emboss using the Snowflake Sky 3D Embossing Folder or another embossing folder you would prefer. Then attach to the card front.
6. Using the smallest die from the Stylish Shapes Dies set, cut out the Basic White scrap. Next, using the snowflake from the Snow Wonder Dies set (or other snowflake die) from the Red or Green Glimmer Paper scrap. Attach to the circle and attach to the center of the windmill design on card front using a dimensional. Attach a Rhinestone to the center of the snowflake.
7. Attach the 1/2” x 3-3/4” DSP to the left side of the 2nd Basic White 5” x 3-3/4”. Next, stamp verse of choice from the Peaceful Cabin stamp set using either the Real Red or Garden Green stamp pad. Attach to the Real Red or Garden Green 5-1/8” x 3-7/8” card stock. Attach to inside of card and you are now done!!
