Supplies/Accessories:

Delightful Wishes Dies
Textured Notes Dies
Meadow Dies
Timber 3D Embossing
Adhesive-Backed Metallic Gems
Neutral Matte Dots (Optional)
Stampin' Dimensionals
Multipurpose Liquid Glue
Stampin' Cut & Emboss Machine

Instructions:

1. Score and fold the Crumb Cake 11" x 4-1/4" card stock at 5-1/2" on the long side.
2. Emboss the Crumb Cake 5-1/2" x 4-1/4" card stock using the above listed embossing folder or folder of your choice. Attach to the card front.
3. Using the long narrow die from the Textured Notes dies set, cut out 5 of these from one of the Country Woods 5" x 3-3/4" DSP. If you do not have this die, the finished size is 3-1/2" x 1/2".
4. Using the same die from step 3, cut out 5 pieces of the second Country Woods 5" x 3-3/4" DSP (should be another color than in step 3). Once you've got your pieces ready, alternate them (dark and light) as shown above attach each piece to the Early Espresso 4-5/8" x 3-5/8" card stock. Do not attach the very last piece which should be a light piece to stamp on. After all 9 of the pieces are attached stamp verse from the Delightful Wishes stamp set onto the very last piece using Early Espresso stamp pad. Attach to the bottom using dimensionals. Now all 10 pieces should be attached.
5. Using the leafy die from the Meadow Dies set, cut out 2 from the Country Woods DSP Scraps. Attach to card front using liquid glue as shown above.
6. Using the large Wishing die from the Delightful Wishes dies set, cut out the Early Espresso scrap.
7. Attach a piece of the Adhesive Sheet onto the Basic White scrap, then using the smaller Wishing die, cut out. Attach to the Early Espresso from step 6. If you aren't successful in get the dots for the l's out of the die, use a Matte Dot over the l's. Attach the Wishing piece at an angle to the card front as shown above over the leafy stems.
8. Randomly attach the Metallic Gems to card front.
9. Attach the Early Espresso 5-1/4" x 4" card stock to inside of card. Then using verse of choice, stamp onto the Basic White 5-1/8" x 3-7/8" card stock. Attach to inside of card and you are now done!!
