Instructions:

1. Score and fold the Basic White Thick 5-1/2” x 8-1/2” card stock on the long side at 4-1/4”.
2. Cut both pieces of the Thought Journey 6” x 6” DSP (design up) together so that they are identical. Choose the section of the DSP you want for the card front and cut to 5-1/8” x 3-7/8”. Attach one of these to the Petunia Pop 5-1/4” x 4” card stocks. Next, using the Paper Trimmer, cut the second DSP (design up) at 3/8” until the whole piece is cut. You will have 13 strips. Lay them out and remove every other strip. Using the Foam Strips or small dimensionals attach to the back of each remaining strip. Flip them over, ensuring the layout is in the correct order. Then start attaching to the first DSP piece on the Petunia Pop, lining up the strip to the design on the first DSP. To help, I took one of the discarded strips to help me align the strips straight.
3. Stamp verse from the Something Fancy stamp set onto the Basic White scrap using the Memento stamp pad. Using the hexagon die from the Something Fancy Dies set cut this out. Then, attach to the Petunia Pop scrap. Using the Paper Trimmer or scissors, cut each edge out to approximately 1/8” all the way around. Attach to card front using regular adhesive.
4. Tie a bow in the Petunia Pop 1/4” Iridescent Ribbon and attach to label using mini glue dots.
5. Randomly attach Brushed Brass Butterflies to card front.
6. Attach the second Petunia Pop 5-1/4” x 4” card stock to inside of card.
7. Stamp verse from the Something Fancy stamp set using the Memento stamp pad onto the Basic White 5-1/8” x 3-7/8” card stock. Next, using the discarded strips from step 2, attach to either side of the verse. Attach to inside of card and you are now done!!
