Instructions:

1. Score and fold the Basic White Thick 5-1/2” x 8-1/2” on the long side at 4-1/4”.
2. Attach one of the Crumb Cake 5-1/4” x 4” card stocks to the card front and one inside of card.
3. Emboss one of the Basic White 5-1/8” x 3-7/8” card stocks using the Gathering Leaves embossing folder. Attach to the card front.
4. Using the 1-7/8” x 1-7/8” square die from the Stylish Shapes Dies set, cut out a Nests of Winter DSP scrap. Next, cut a strip from the green and white striped DSP approximately 1/8” x 1-7/8”. Attach to the square you just cut out about 5/8” from the left. Attach to the Crumb Cake 2” x 2” card stock. Attach to card front slightly off center using dimensionals.
5. Using the 1-3/4” and 2-1/8” circle dies from the Stylish Shapes Dies set, cut out the Crumb Cake 2-1/4” x 2-1/4” card stock. Set aside until the next step.
6. Fussy cut one of the birds from a Nests of Winter DSP scrap. Attach the bird to the circle from step 5 using a little liquid glue. Add a little liquid glue to the top of the circle and dimensionals under the bird and attach to card front as shown above. Tie a bow from the Garden Green ribbon and attach to the top of the circle using mini glue dots.
7. Stamp the Merry Christmas from the Versatile Christmas stamp set by first masking one word and inking up using the Garden Green stamp pad. Remove masking and stamp word onto the Basic White scrap. Clean off stamp and repeat this step for the other word. Cut these words out using the 2nd largest label die from the Stylish Shapes Dies set. You’ll need to cut each twice to fit the words. Attach the Merry just above the circle onto the square as shown above using liquid glue. Next, attach the Christmas word below the circle using dimensionals.
8. Attach the Cherry Cobbler Berries to the berries on the branch of the bird and then randomly on card front.
9. Stamp verse onto the 2nd Basic White 5-1/8” x 3-7/8” card stock from the Versatile Christmas stamp set using the Garden Green stamp pad. Attach to inside of card. If desired, fussy cut another bird to attach to the bottom left of the Basic White. You are now done!!
